As part of this year's festivities, MLB properties has designed a special 125th Anniversary logo. The logo is a variation of the Major League Baseball logo created for baseball's centennial celebration in 1969.

1993 SEASON:

—Enjoyed most impressive season of major league career in run production with 27 home runs and 112 RBI, though he hit 45 points lower than .288 average with Minnesota in '92 when he recorded 12 home runs and 66 RBI.
—Reached 20-plus HR level for sixth time in career and third time with California...RBI output also marked third time in four seasons with California he's reached 90-or-more while it was fourth time in career overall.
—Entered season averaging one RBI per every seven at-bats... Totaled one every 5.1 in '93...Latter figure tied for eighth in the American League.
—His record-breaking season established club record for most home runs by switch-hitter; most RBI by switch-hitter; most home runs by designated hitter and most RBI by designated hitter.
—Hit 200th major league home run, May 17 in Chicago against Scott Radinsky.
—Registered 900th career RBI, Aug. 5 vs. Kansas City.
—Recorded trio of two-home run games, improving career total to 20...His multiple-home run effort Sept. 15 vs. Seattle represented his seventh career game homering from both sides of plate in same contest.
—Collected at least one home against every team, including a season-high five against Toronto and three against Blue Jay's right-hander Pat Hentgen.
—Had more RBI than hits against Minnesota (11-10), Oakland (14-13) and Seattle (13-12).
—Recorded third career grand slam, June 26 against former Minnesota teammates (Willie Banks) as Angels registered 4-0 win...Was first slam by an Angel against Minnesota since Don Baylor connected against Ron Davis, Aug. 11, 1982 in Minnesota.
—Hit .228 (90/395) through first six innings of play compared to .275 average (49/178) during innings 7-9.
—Concluded season with .182 average (49/269) when faced with 0-1 count and .283 (64/226) when first pitch was a ball.
—Totaled 32 doubles, tying him for 12th on California's all-time single-season list...It was only second time in career reaching that level.
—Led club in intentional walks with 12, marking third time in four seasons with Angels he's either led or tied in that category.
—His 112 RBI ranks fourth on California's all-time single-season list while 69 extra-base hits is 13th.
—Of the 10 players in Angels history to reach century mark in RBI, Davis became fourth to attain that level without recording 30-or-more HR: Lee Thomas (104 RBI - 26 HRs in 1962), Dan Ford (101 RBI - 21 HRs in 1979) and Wally Joyner (100 RBI - 22 HRs in 1986).
—RBI total increased career total as an Angel to 353, eighth on California's all-time list...Other rankings on list include 189 extra-base hits (ninth); 82 home runs (ninth) and needs six total bases to tie Bob Boone for 10th.
—It's noteworthy that Davis' average of .243 was his lowest in last 11 seasons since hitting .233 in 137 games for San Francisco in 1983.
—Had ninth inning game-winning home run against Chicago, June 18 (two-run effort for 9-8 win) and solo ninth-inning game-winner, Aug. 21 vs. Milwaukee.
—Made major league debut as pitcher, June 17 vs. Texas with two scoreless innings during 18-2 loss...Entered game in eighth inning and retired six-of-seven batters faced (Jose Canseco, HBP)...Became second position player to pitch in 1993 (Rene Gonzales, June 6 at Detroit) and fourth in team history (Donnie Hill in 1990 and Willie Smith in 1964)...Smith made 15 appearances as pitcher before being converted to outfielder.

—His pitching performance was noteworthy considering there have been 16 pitchers in club history who have appeared during a single season with Angels and pitched two-innings-or-less...Of the 16, only one did not allow an earned run during stint (Jeff Richardson in 1990)...Each of the three "non-pitchers" did not allow an earned run.
—His 27 home runs improved career total to 224, sixth on all-time list for switch-hitters behind Mickey Mantle (536), Eddie Murray (441), Reggie Smith (314), Ted Simmons (248) and Ken Singleton (246).
—Each of 112 RBI came without benefit of sacrifice fly...Became only second player since 1954 (when current sac-fly rule came into effect) to record 100-or-more RBI without benefit of sac-fly (Boston's Nick Esasky registered 108 RBI in 1989)...Accomplishment is major league record.
—10 of 27 home runs were solo efforts; nine came with two strikes in count and nine in seventh-inning-or-later.

California's longest winning streak was six games (April 20-25) while the longest losing streak was 10 games (July 17-26)...The losing streak tied Detroit for longest skid of the season in the A.L....The 13-6 record in April established a club record for the month...The Angels finished with an 18-26-8 record in series play.

RAWLINGS GOLD GLOVE AWARD - 1993

Since 1958, the Rawlings Gold Glove Award® has been presented annually to the eighteen players, nine in each league, by position. These outstanding players are judged and selected as the best fielding players at their respective positions by the major league coaches and managers prior to the conclusion of the regular baseball season. Managers and coaches may not select players from their own club and only vote for players in their league. Votes are tabulated for Rawlings by The Sporting News.

ANGELS ORIGINAL PLAYER DRAFT

The Angels drafted a total of 28 players from the existing American League clubs on December 14, 1960. Owners of the new Los Angeles and Washington clubs as well as their recently appointed front offices and field bosses — General Manager Fred Haney and Manager Bill Rigney of the Angels and General Manager Ed Doherty and Manager Mickey Vernon of the Senators — attended the session held in the league offices.

A price of $75,000 was set on the players to be picked and both of the new clubs were required to select 28. The players were picked by categories, starting with pitchers, then catchers, infielders and outfielders. A toss of the coin determined which club has first choice in each group, and then they alternated. Haney won the toss for three positions — all but for outfielders.

Besides the 28 regular selections by both clubs, Los Angeles bought two players from the special minor league pool at $25,000 apiece and Washington grabbed three. Thus, the Angels paid $2,150,000 for their 30 players and the Senators shelled out $2,175,000 for their 31 players in the unprecedented distribution.

Following is the order in which the Angels players were selected:

1. Eli Grba, p, NY
2. Jerry Casale, p, BOS
3. Duke Maas, p, NY
4. Tex Clevenger, p, MIN
5. Bob Sprout, p, DET
6. Audrey Gatewood, p, DET
7. Ken McBride, p, CHI
8. Ned Garver, p, KC

12. Bob Rodgers, c, DET
13. Ed Yost, inf, DET
14. Ken Aspromonte, inf, CLE
15. Ken Hamlin, inf, KC
16. Gene Leek, inf, CLE
17. Jim Fregosi, inf, BOS
18. Bob Cerv, of, NY
19. Ken Hunt, of, NY
20. Jim McAnany, of, CHI
21. Earl Averill, c, CHI
22. Faye Throneberry, of, MIN
23. Ted Kluzewski, inf, CHI
24. Don Ross, inf, BAL

27. Fred Newman, p, BOS
28. Bob Wilson, C, CLE
29. Steve Bilko, 1b, DET from Denver
30. Albie Pearson, of, BAL from Rochester

NOTE: Following the selections, Wilson notified the Angels and Cleveland that he intended to retire from the game. As a result, his selection was canceled several weeks later and the Indians sent pitcher Ted Bowsfield to the as a replacement.

ANGELS ORIGINAL PLAYER DRAFT

The Angels drafted a total of 28 players from the existing American League clubs on December 14, 1960. Owners of the new Los Angeles and Washington clubs as well as their recently appointed front offices and field bosses — General Manager Fred Haney and Manager Bill Rigney of the Angels and General Manager Ed Doherty and Manager Mickey Vernon of the Senators — attended the session held in the league offices.

A price of $75,000 was set on the players to be picked and both of the new clubs were required to select 28. The players were picked by categories, starting with pitchers, then catchers, infielders and outfielders. A toss of the coin determined which club has first choice in each group, and then they alternated. Haney won the toss for three positions — all but for outfielders.

Besides the 28 regular selections by both clubs, Los Angeles bought two players from the special minor league pool at $25,000 apiece and Washington grabbed three. Thus, the Angels paid $2,150,000 for their 30 players and the Senators shelled out $2,175,000 for their 31 players in the unprecedented distribution.

Following is the order in which the Angels players were selected:

1. Eli Grba, p, NY

NOTE: Following the selections, Wilson notified the Angels and Cleveland that he intended to retire from the game. As a result, his selection was canceled several weeks later and the Indians sent pitcher Ted Bowsfield to the as a replacement.

ANAHEIM STADIUM

DESIGN — Three-level structure **SEATING CAPACITY** — 64,593 **PARKING FACILITIES** — Approximately 15,000 automobiles **STADIUM AREA** — 140 acres **FOUL LINES** — 333 feet **BULLPENS** — 362 **LEFT AND RIGHT FIELDS** — 370 feet **CENTER FIELD** — 404 feet **OUTFIELD FENCE HEIGHT** — 8 feet

Anaheim Stadium was built with "Convenience, Comfort and Courtesy," in mind. Narrow foul territory areas and quickly rising decks keep spectators on top of the action. Gradually inclined ramps and escalators, wide aisles and siestas and helpful ushers make entrance and exiting as uncomplicated as possible.

Three surrounding freeways, 26 entrance lanes from three streets and 28 exit lanes with wide adjacent surface streets make Anaheim Stadium one of the most accessible in baseball. Completion of the Orange "57" Freeway accounted for significant improvement as did the Santa Ana Freeway overpass on State College Boulevard, completed in 1977.

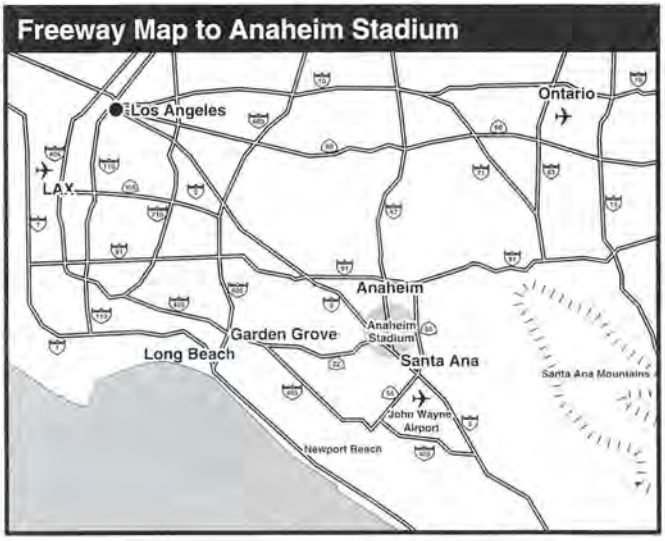
Major stadium tenants include the Angels and the Rams. Both the Angels and Rams have signed 35-year contracts through 2001 and 2015, respectively.

Anaheim Stadium was completed in 1966 by the Del E. Webb Company after an August 31, 1964 groundbreaking at a cost of $24 million, including the giant A-frame scoreboard which rises 230 feet. The board was the source of the stadium's nickname — "The Big A."

The Big-A board has been preserved and moved to the edge of the parking lot adjacent to the Orange Freeway behind the right field area.

Anaheim Stadium underwent construction in 1979 for additional seating to accommodate the Rams. The facility, now completely enclosed, seats 64,593 for baseball and more than 70,000 for football. The seating capacity prior to construction was 43,250.

A total of 108 executive style boxes, ranging in price from $24,000 to $80,000, were added to surround the rear of the Club Level. In addition to the Stadium Club, there are two other private dining areas designed for groups — the Stadium Pavilion and the Football Press Box.



ATTENDANCE

For the 12th consecutive season, and 14th time in the last 15 years, California topped the two million mark in home attendance with a final figure of 2,057,460, an average of 25,401 per game. The total was the lowest figure in a season of two million-or-more for California.

At the same time, the Angels went over the two million mark in road attendance for the fourth straight season, with a final total of 2,286,553, an average of 28,582 per game (80 dates). The Angels combined attendance of 4,344,013 was also the 13th time in club history the Angels have played in front of four million-plus fans.

The Angels were one of six A.L. teams to show a decrease in home attendance, but were the lowest in that regard at 7,984.

The largest home crowd of the campaign was 60,326, Sept. 17 against Texas, while the smallest was 15,617, Sept. 15 vs. Seattle. On the road, the largest crowd was 53,621, April 12 in Milwaukee, while the smallest was 7,948 in Milwaukee, April 14.

The Angels established their single-game home attendance figure when 64,406 witnessed Game 1 of the 1982 ALCS against Milwaukee, Oct. 5.

During the ensuing 1983 campaign, the top two regular season crowds in club history were set when 63,132 watched the Angels host Kansas City, July 4 and 63,073 viewed the April 23 game against Baltimore.

SPRING TRAINING

On April 1, 1992, the California Angels defeated San Diego, 3-1 in the final exhibition game of spring training. The contest was historic in that it marked the final spring training game for the Angels in Palm Springs, CA, their Cactus League ballpark for 32 years.

On July 25, 1991, the Angels signed a 25-year lease (including two five-year options) with the city, making Tempe Diablo Stadium their home spring training facility until the year 2017.

Previously housed by the Seattle Pilots and Milwaukee Brewers (1969-71), the complex had been the spring home of the Seattle Mariners since its 1977 expansion.

Owned and operated by the City of Tempe Parks and Recreation Department, Diablo Stadium has been completely rebuilt and renovated with the combined efforts of HOK Sports Facilities Group and the California Angels. Groundbreaking for the "new-look" stadium took place, April 22, 1992 and cost an estimated $5.8 million to complete.

Two-thirds of the funding was provided by Maricopa County and one-third by the City of Tempe. All revenues from food and beverage concessions, parking, souvenirs and in-stadium advertising are shared equally by the City of Tempe and the Angels, while the City receives 20% of revenues from ticket sales

In addition to the stadium, the complex includes two-and-a-half practice fields. Dimensions of the stadium are 340' down the left field line; 360' down the right field line; 400' to the left and right-center power alleys and 420' to center with an outfield fence height of eight feet. The playing surface is Bermuda natural grass.

In-stadium capacity is 7,285, with 9,785 tickets available for each game (including lawn seats and temporary bleachers). Parking for the stadium includes east and west parking lots with 1,200 paved parking spaces, two disabled entry ways, as well as field and service access.

Dedication ceremonies for Tempe Diablo Stadium took place Feb. 27, 1993, with the first home game, March 7 against Oakland.

The Angels' 1994 spring camp is scheduled to open when pitchers and catchers report Feb. 19. The first full-squad workout is slated for Feb. 24. The team remains in Arizona through March 31.

While the Angels will utilize their new facility in Tempe, the club's minor league program will continue to operate from Gene Autry Park in Mesa, AZ. Dedicated March 1, 1984, the three-diamond complex serves as the spring home of the club's minor league affiliates and the Angels' Arizona Instructional League entry, as well as the Mesa Angels, California's entry in the Arizona State League (Rookie).

Since the inception of the organization in 1961, California had played at Angels Stadium in Palm Springs. The facility was formerly called the Polo Grounds until switching its name in 1964.

On December 19, 1965, the Angels signed an agreement to hold spring training in Holtville, CA, located approximately 10 miles east of El Centro. The club annually spent 10 days to two weeks at the four-diamond complex from 1966 through 1979, before returning on a full-time basis to Palm Springs in 1980.

In 1982 and 1983, California divided spring headquarters between Casa Grande, AZ and Palm Springs.

ITEMS OF INTEREST

PLAYER LIMITS: 40 until opening day when the number must be reduced to 25 until Sept.1, when it again becomes 40. The minimum number of active players maintained by each club throughout the championship seasons shall be 25.

TRADING REGULATIONS: The trading deadline is July 31.
Trades may be made with any other major league club in the period from the end of the championship season through July 31 (5:00 p.m. EST) without waivers. Waivers are required, however:

1. If the assignment is to another major league club: From Aug. 1 and ending at 5 p.m. EST the day after the end of the season
2. If assignment is to a minor league club, with right of recall, at any time after three years from the date the player last reported to a major league club during a championship season.
3. If assigned to a minor league club without right of recall, after acquiring three years of service: At any time during the year.
4. If assigned to a minor league club, without right of recall, at any time prior to acquiring three years of service, special waivers are required between Sept. 1 and the opening of the following season. If the player is claimed, request may be withdrawn. If no claims are made, club has seven-day period in which to make assignment to minor leagues.

WAIVERS: The 1985 collective bargaining agreement brought about changes in the waivers process. Following is information on the new waiver agreements.

SUBSTANTIVE

★ The "trading deadline" is now July 31. Waivers are required for any inter-or-intra-Major League assignment during the period beginning Aug. 1 and ending at 5 p.m. EST the day after the end of the season. During the other 10 months of the year no waivers are needed.

★It will be easier to compute which players need waivers before they may be optioned: if three years (less one for each previously spent on option) have elapsed since the player actually reported to the Major Leagues for the first time, waivers are required. The date of the actual physical reporting will be used as the benchmark instead of the date the player was first placed on a club's 40-man roster.

★The procedure for outright assignments to the National Association remains unchanged from the 31st day of each season until Aug. 31; during this period, ordinary waivers are required. However, from Sept. 1 until the 30th day of the following season, special waivers are required:
The club must tender a special waiver request specifying that waivers are requested for the purpose of outright assignment to the National Association. The claiming period, as with other waivers, is three business days, and an assignment pursuant to special waivers must be completed by 2 p.m. EST, the seventh day after the waivers were secured.

★Seventy-two hour waivers, secured on players recalled not to report, continue unaffected except insofar as they no longer suffice for an outright assignment to the National Association during those times in the year when special waivers are required.

PROCEDURAL

★Waiver requests deadline is now 2:00 Eastern Time.
★Claiming period is now three business days for all waiver requests, including "special waivers" and waivers for the purpose of unconditional release.
★AL Only and NL Only waivers have been abolished.
★In the event of claims, withdrawals period is two business days.
★A club may withdraw once per waiver period on any one player.
★New waiver periods:
Nov. 11-30th day of season
31st day of season-July 31
Aug. 1-Nov. 10

★"Special waivers" and waivers for the purpose of unconditional release may both be requested during the closed period, Oct. 10-Nov. 10.

★Waiver price for the selected and draft excluded players is now $25,000, and may be set by agreement ($20,000 minimum) in all other waiver assignments. Rules on priority of claim are unchanged.

★Closed period on selected and draft-excluded players now runs from Oct. 10 through the 25th day before Opening Day, and no assignments may be made pursuant to such waivers until 15 days before Opening Day. "Dates to Remember," from the league offices will specify the correct dates each year.

FREE AGENCY (RE-ENTRY): The 1985 collective bargaining agreement brought about changes in the free agency process. Following is the appropriate information:
Six years of Major League service continues to be required to be eligible for free agency.
The Re-Entry Draft has been abolished.
A player has 15 days from the first day following the World Series to file for free agency.
By Dec. 7, former club must offer to arbitrate or becomes ineligible to sign player. By Dec. 19,
player must accept offer or on Jan. 9 former club becomes ineligible to sign the player.
(Ineligible club regains eligibility the following May 1.
If club and player proceed to arbitration, maximum salary cut rules do not apply.
Player who accepts former club's offer to arbitrate is not subject to repeater rights limitations.

SALARY ARBITRATION:
Beginning in 1987, three years Major League service required for eligibility.
Beginning in 1987, maximum cut rules do not apply if in immediate preceding year player won arbitration increase of over 50%.
Beginning in 1987, arbitrator is officially instructed to give particular attention for purposes of comparison to salaries of players with Major League service no more than one annual service group higher than player who is arbitrating.

FREE AGENT DRAFT RULE (AMATEUR DRAFT) — REVISED FOR 1987: One selection meeting shall be conducted a year in June to be known as the "Summer Meeting."

Major League clubs shall select in reverse order of their league standing at the close of the preceding season (determined by the percentage of games it won). No club may transfer to another club its right to select.

A selected player shall be placed on a club's Negotiation List and shall remain, thereon until the start of the Closed Period (The seven days preceding the Summer Meeting) of the next selection meeting, unless at an earlier date he (1) signs a contract (2) is removed because he was not eligible for selection (3) becomes a College Player by entering or returning to college.

A club may not transfer its Negotiation Right to any other club.

REGULATION GAME: A regulation game consists of nine innings unless extended because of a tie score or shortened because (1) the home team needs none of its half of the ninth or any part of it, or (2) because the umpire-in-chief calls the game after five completed innings. A regulation game may be less than five innings if the home team is ahead after the top of the fifth, or takes the lead or ties the score while at bat in the fifth.

TIE GAME: A regulation game that is called by the umpire-in-chief when both teams have the same number of runs in a tie game. Individual player performances are official and entered in the records, but the game does not count in the League standings and may be re-scheduled at a later date.

SUSPENDED GAME RULE:
Rule 4.12 SUSPENDED GAMES

(a) A league shall adopt the following rules providing for completion at a future date of games terminated for any of the following reasons:
(1) A curfew imposed by law;
(2) A time limit permissible under league rules;
(3) Light failure or malfunction of a mechanical field device under the control of the home club (Mechanical field device shall include automatic tarpaulin or water removal equipment);
(4) Darkness because of any law, the lights may not be turned on;
(5) Weather, if the game is called when an inning is in progress and before it is completed, and one of the following situations prevails:
(i) The visiting team has scored one or more runs to tie the score, and the home team has not scored.
(ii) The visiting team has scored one or more runs to take the lead, and the home team has not tied the score or retaken the lead.

(b) Such games shall be known as suspended games. No game called because of a curfew, weather, or a time limit shall be a suspended game unless it has progressed far enough to have been a regulation game under the provisions of Rule 4.10. A game called under the provisions of 4.12 (a)(3) or (4) shall be suspended game at any time after it starts.

(c) By amending NOTE to read as follows:
NOTE: Weather and similar conditions—4.12(a) (1 through 5)—shall take precedence in determining whether a called game shall be a suspended game. A game can only be considered a suspended game if stopped for any of the five(5) reasons specified in Section (a). Any legal game called due to weather with the score tied (unless situation outlined in 4.12 (a) (5) (i) prevails) is a tie game and must be replayed in its entirety.

(e) A suspended game shall be resumed and completed as follows:
(1) Immediately preceding the next single game between the two clubs on the same grounds; or
(2) Immediately preceding the next scheduled double-header between the two clubs on the same grounds, if no single game remains on the schedule, or
(3) If suspended on the last scheduled date between the two clubs in the city, transferred and played on the ground of the opposing club, if possible;
(i) Immediately preceding the next scheduled single game, or
(ii) Immediately preceding the next scheduled double-header, if no single game remains on the schedule.
(4) If a suspended game has not been resumed and completed on the last date scheduled for the two clubs, it shall be a called game.

A suspended game shall be resumed at the exact point of suspension of the original game. The completion of a suspended game is a continuation of the original game. The lineup and batting order of both teams shall be exactly the same as the lineup and batting order at the moment of suspension, subject to the rules governing substitution. Any player may be replaced by a player who had not been in the game prior to the suspension. No player removed before the suspension may be returned to the lineup. A player who was not with the club when the game was suspended may be used as a substitute, even if he has taken the place of a player no longer with the club who would not have been eligible because he has been removed from the lineup before the game was suspended.

4.11(d)
A called game ends at the moment the umpire terminates play. EXCEPTION: If the game is called when an inning is in progress and before it is completed, the game becomes a SUSPENDED game in each of the following situations:

(1) The visiting team has scored one or more runs to tie the score and the home team has not scored.
(2) The visiting team has scored one or more runs to take the lead and the home team has not tied the score or retaken the lead.

DISABLED LISTS: REGULAR DISABLED LIST: The 21 and 30 day lists have been eliminated. The 15 day list may be used for as many players as needed, with the same recertification procedure as in the past. EMERGENCY DISABLED LIST: Maximum number of players on list at one time—no limit. Minimum period of inactivity—sixty (60) calendar days. Players placed on this list after Aug. 1st shall remain there for the balance of the season.

Day 1 is *following* player's last game appearance.
Reinstatements may be made beginning Day 16, 22, 31 or 61 repetitively; after minimum period has expired player at any time (except in certain "Emergency"cases...see above).

AMERICAN LEAGUE CURFEWS: No inning of an American League game can start after 1:00 a.m., local time. Any inning started prior to 1:00 a.m. can be completed. Curfews shall be waived for the final series of the season between two teams in each of the cities.

Any game, regardless of length, called because of the time curfew, becomes a suspended game and must be completed from the exact point of interruption before the teams play their next scheduled game against each other.

DEFINITION OF NIGHT GAME: Any game scheduled to start after 6:00 p.m. (i.e. 6:01 p.m., or later), will be considered a night game. If a game is scheduled to start at 6:00 p.m., and is delayed by rain or for any other reasons, it will be considered a day game.

However, both games of a twi-night doubleheader shall be considered night games. When afternoon and night games are played on the same date and separate admissions are charged, they will be counted as one day and one night game, and will not be included in the doubleheader statistics.

BATTING CHAMPIONSHIP QUALIFICATIONS: A batting champion must have 502 or more actual plate appearances, (the equivalent of 3.1 appearances for each of the 162 scheduled games). If, however, there is any player with fewer than the required number of plate appearances whose average would be the highest if he were charged with the required number of official at bats, then the player shall be awarded the batting championship.

EARNED-RUN AVERAGE CHAMPION QUALIFICATIONS: To win the earned-run average championship a pitcher must pitch at least as many innings as the number of games scheduled for each club in his league that season and have the lowest earned-run average.

FIELDING CHAMPIONSHIP QUALIFICATIONS: The individual fielding champions shall be the fielders with the highest fielding average at each position, provided:
(1) A catcher must have participated as a catcher in at least one-half the number of games scheduled for each club in his league that season;
(2) An infielder or outfielder must have participated at his position in at least two-thirds of the number of games scheduled for each club in his league that season;
(3) A pitcher must have pitched at least as many innings as the number of games scheduled for each club in his league that season. EXCEPTION: If another pitcher has a fielding average as high or higher, and has handled more total chances in a lesser number of innings, he shall be the fielding champion.

DETERMINING THE MAGIC NUMBERS: Determine the number of games yet to be played, add one, then subtract the number of games ahead in the loss column of standings from the closest opponent.

DETERMINING BATTING AVERAGE: Divide the number of at-bats into the number of hits.

DETERMINING EARNED RUN AVERAGE: Multiply the number of earned runs by nine; take the number and divide it by the number of innings pitched.

DETERMINING SLUGGING PERCENTAGE: Divide the total bases of all safe hits by the total times at bat (At bats do not include walks, sacrifices, hit by pitcher, or times awarded first base because of interference or obstruction).

DETERMINING ON BASE PERCENTAGE: Add the total of hits, walks and hit by pitches and divide by the total of at-bats, walks, hit by pitches and sacrifice flies.

DETERMINING FIELDING AVERAGE: Divide the total putouts and assists by the total of putouts, assists and errors.

DETERMINING PERCENTAGE OF GAMES WON & LOST: Divide the number of games won by the total games won and lost.

CONSECUTIVE STREAKS: A consecutive hitting streak shall not be terminated if the plate appearance results in a base on balls, hit batsman, defensive interference or a sacrifice bunt. A sacrifice fly shall terminate the streak.

CONSECUTIVE-GAME HITTING STREAKS: A consecutive-game hitting streak shall not be terminated if all the player's plate appearances (one or more) result in a base on balls, hit batsman, defensive interference or sacrifice bunt. The streak shall terminate if the player has a sacrifice fly and no hit.

CONSECUTIVE-GAME PLAYING STREAK : A consecutive-game playing streak shall be extended if the player plays one-half inning on defense, or if he completes a time at bat by reaching base or being put out. A pinch-running appearance only shall not extend the streak, if a player is ejected from a game by an umpire before he can comply with the requirements of this rule, his streak shall continue.
SUSPENDED GAMES: For the purpose of this rule, all performances in the completion of a suspended game shall be considered as occurring on the original date of the game.

"SAVE" RULE: A pitcher shall be credited with a save when he meets all three of the following conditions:
(1) He is the finishing pitcher in a game won by his club, and
(2) He is not the winning pitcher, and
(3) He qualifies under one of the following conditions:
(a) He enters the game with a lead of no more than three runs and pitches for at least one inning, or
(b) He enters the game regardless of the count, with the potential tying run either on base, at bat, or on deck (that is, the potential tying run is either already on base or is one of the first two batsmen he faces), or
(c) He pitches effectively for at least three innings.

DESIGNATED HITTER RULE: A hitter may be designated to bat for the pitcher in any spot in the batting order in any game without affecting the status of the pitcher. The designated hitter must be selected and be included on the lineup cards presented to the umpire-in-chief prior to the game. Failure to do so precludes the use of a designated hitter for that game.

The designated hitter is "locked" into the batting order but may be removed for a pinch-hitter or pinch-runner who in turn becomes the designated hitter, while still in the game, may be used defensively by the pitcher then assumes the batting order of the replaced defensive player, thus terminating the designated hitter role.

The designated hitter is eligible for all American League batting titles.

The designated hitter named in the starting lineup must come to bat at least one time, unless the opposition changes pitchers.

SCORING RULE ON PINCH-HITTERS: A player shall be considered a pinch-hitter only if he enters the game as a substitute batter an then only on his first time at bat which must be before he becomes fielder. If the team bats around and a pinch hitter comes up a second time in the inning in which he first appeared he will not be considered a pinch hitter during that second time up.

A substitute hitter for a Designated Hitter is both a pinch hitter and a Designated Hitter on his first time at bat. On subsequent trips to the plate he is a Designated Hitter only.

EARNED-RUNS RULE: The determination of earned-run is as follows:

An earned run is a run for which the pitcher is held accountable. In determining earned-runs, the inning should be reconstructed without the errors and passed balls; and the benefit of the doubt should always be given to the pitcher in determining which bases would have been reached with errorless play.

Until 1969, the reliever could not be charged with an earned run if he entered the game after the side could have been retired but for an error, no matter how many runs he subsequently gave up in that inning. Now runs, scored by batters who reach base off the reliever are charged as earned on that pitcher's record. They are not, however, shared as earned against the team as a whole. Therefore, a discrepancy may occur between the total earned-runs charged against a team and the sum total of the earned-runs charged against in the individual pitchers of that team.

DOCTORED BAT: A batter is out for illegal action when he uses or attempts to use a bat that, in the umpire's judgement, has been altered or tampered with in such a way to improve the distance factor or cause an unusual reaction on the baseball. This includes bats that are filled , flat-surfaced, nailed, hollowed, grooved or covered with a substance such as paraffin, wax, etc. No advancement on the bases will be allowed and any out or outs made during a play shall stand. In addition being called out, the player shall be ejected from the game and may be subject to additional penalties as determined by his League President (Rule 6.06d).

CALIFORNIA ANGELS HALL OF FAME

Bobby Grich, Jim Fregosi, Don Baylor, Rod Carew and Nolan Ryan were the first five inductees into the California Angels Hall of Fame.

Grich, who retired following the American League Championship Series against Boston in 1986, was inducted Feb. 3, 1988. He is one of only two Angels (Brian Downing being the other) to participate in each of the club's three western Division titles.

Bobby Grich

Grich officially became an Angel, Nov. 24, 1976. The native of Muskegon, MI concluded his Angels career with a .269 average in 1,222 games including 154 home runs and 557 RBI. During his career, Grich compiled the following overall numbers: .266 average, 2,008 games, 6,890 at-bats, 1,033, 1,833 hits, 224 home runs and 864 RBI.

One of California's most popular players, Grich became only the second player in club history to play 1,000 games-or-more (1,098) at one position, joining Fregosi who totaled 1,367 appearances at shortstop. Grich's .997 fielding percentage in 1985 established a major league record for second basemen.

One the date of his induction, Grich ranked among the top three on several Angels' all-time lists, including games (third), at-bats (third - 4,100), runs (third - 601), home runs (second), runs batted in (second), extra-base hits (third - 357), hits (third - 1,103), doubles (third - 183) and total bases (third - 1,788).

In 1981, Grich recorded a career-high .304 average and tied Dwight Evans, Tony Armas and Eddie Murray for the A.L. home run derby (22 each). The feat made him the first second baseman to lead the league in home runs since Nap Lajoie of Philadelphia totaled 14 in 1901. He also became the first A.L. second baseman to lead in slugging since George Stirnweiss with the Yankees in 1945 (.476). During the '81 campaign, Grich compiled a career-best 21-game hitting streak (May 21-Aug. 19), the second longest in club annals.

In 1980, Grich was co-winner of the Owner's Trophy, symbolic of the club's Most Valuable Player as selected by the players.

Jim Fregosi

Fregosi, a six-time Angels All-Star, was inducted May 17, 1989. He appeared with the Angels from 1961-71 as a player and then managed the club from June 1, 1978 through May 28, 1981. Fregosi guided the club to an 87-75 finish in 1978 and a second place tie prior to the memorable 1979 season when the Angels captured their first-ever Western Division title at 88-74. For his efforts, Fregosi was runner-up in balloting by the Associated Press for A.L. Manager of the Year. He finished with a 237-248 record managing the Angels (.489).

As a player, Fregosi's career spanned 18 major league seasons during which he registered a .265 lifetime average. He was originally acquired by the Angels Dec. 14, 1960 in the expansion draft from the Boston Red Sox.

He was a member of the Angels first two Western Division Championships in 1979 and 1982. During his '79 MVP season, Baylor compiled a .296 average with 36 home runs and a league-leading 139 RBI. He also led the league in games played (162) and runs scored (120). His marks in games played, runs scored, RBI and total bases that season are also club single-season records. In the '82 American League Championship Series, he hit .294 with a grand slam and series-high 10 RBI.

Don Baylor

Baylor's career spanned 19 major league seasons during which he registered a .260 lifetime average and 338 home runs. He was originally acquired by the Angels Nov. 16, 1976 as a free agent. With the Angels, he averaged 23 home runs and 87 RBI, while batting .262 in six seasons.

Upon his induction, Baylor ranked on California's All-Time list in the following categories: third in home runs (141), fourth in at-bats (3,105), runs (481), RBI (523) and total bases (1,390). In addition, he also ranked fifth in extra base hits (288), hits (813), doubles (140, tied with Carew) and stolen bases (89).

Rod Carew

(1969, 1972-75, 1977-78) and the American League Most Valuable Player Award in 1977 when he hit .388 with 239 hits and 128 runs scored.

Carew was named "Rookie of the Year" by the BBWAA in 1967 and selected to the A.L. All-Star team 18 times (1967-84). He is the only Angel to start in five Mid-Summer Classics.

Originally acquired by the Angels from Minnesota, Feb. 3, 1979, Carew ranked 38th on baseball's All-Time lists in average (.328), tied for 35th in games (2,469), 31st in at-bats (9,315), 13th in hits (3,053) and sixth in singles (2,404) at the time of his induction. Carew (#29 in 1986) and Ryan (#30 in 1992) are the only Angels players to have their uniform numbers retired by the organization.

Nolan Ryan

Ryan, who became the 20th pitcher in major league history to win 300 games (July 31, 1990 at Milwaukee) and owns a major league record seven no-hitters and 5,714 strikeouts was inducted and had his uniform No. 30 retired, June 16, 1992.

Ryan appeared with the Angels from 1972-79, compiling a 138-121 record and 3.06 ERA in 291 games. Ryan tossed four of his no-hitters with the Angels and holds or shares 20 club records, including career wins, starts (288), complete games (156), innings pitched (2,182), shutouts (40) and strikeouts (2,416). In 1977, he was selected "A.L. Pitcher of the Year" by the Sporting News and named to its All-Star team. In 1973, Ryan established a major league record for strikeouts in a single season with 383. He was originally acquired by California, Dec. 10, 1971, along with pitcher Don Rose, outfielder Leroy Stanton and catcher Francisco Estrada in exchange for Jim Fregosi.

Ryan's career spanned 27 seasons, the most in major league history. He began his career with the New York Mets, posting a 29-38 record and 3.58 ERA in 105 games (74 starts) from 1966-71.
